## SAVE DARFUR COALITION

### 2006 Annual Report

Sudanese officials working to finalize a deal on U.N. support for the African Union mission in Darfur have recommended Khartoum permit the use of attack helicopters by peacekeepers, the Foreign Ministry said. "They have made a positive recommendation and it is now up to the leadership. The president must decide,".

## PRODUCT

The quality, style, and efficiency of our products rank high in our expectations. We believe that no two companies are the same hence no two graphic design projects are the same. Templates and standardized products can give a company the image of inexperience, incapability, and negatively reflect their products and services. This is why our mission is to proactively avoid the use of templates and standardization in all of our products and services.

RAJ AGGARWAL

Raj has over fourteen years of experience as a graphic artist and designer. He specializes in theme development, color, interface design, image composition, and computer illustration. He has personally overseen major design and print campaigns for Adams Morgan Mainstreet, the General Services Administration, and Georgetown Tobacco. He is known for developing and implementing marketing initiatives that combine traditional marketing tactics with grassroots outreach campaigns.

Raj's talent at promotion is regularly put to work in the entertainment industry and he has been a well-known promoter in the D.C. metro-area since college when he received a Bachelor of Science in Chemistry with a Minor in Marketing from The George Washington University.

Raj founded Joint Concepts, Inc. in 1999 and serves as its Principal. In two years time he has seen it grow from a small business-oriented marketing clearinghouse into an accomplished boutique specializing in high-end design and providing a full range of services from web development to custom printing.
